The High School has a \$10.00 limit (before the 10 meal limit) for extra food charges (i.e. entrée, dessert, potato or milk). Once a family or individual has reached the \$10.00 limit, they may still charge meals up to the 10 meal limit.

Unpaid Meal Charges

The district's meal charging requirements are as follows.

A charge account for students paying full or reduced price for meals may be established with the district. Students may charge no more than 10 meals to this account. Charging of a la carte or extra items to this account will not be permitted.

Any student failing to keep his/her account solvent as required by the district shall not be allowed to charge further meals until the negative account balance has been paid in full or arrangements have been made to pay off the bill installments (policy DP – Collection Procedures) with the Superintendent or the Superintendent Designee. However, such students will be allowed to purchase a meal if the student pays for the meal when it is received. No substitute meals will be provided.

At least one warning shall be provided to a student and his/her parent or guardian prior to denying meals for exceeding the district's charge limit. If payment of the negative balance is not received within 5 working days of the maximum charge limit being attained, the debt will be turned over to the superintendent or superintendent's designee for collection in accordance with board policy DP. If the debt is not paid within 10 days of mailing the final notice of the negative account balance under policy DP, it shall be considered bad debt for the purposes of federal law concerning unpaid meal charges.
