

All children deserve the chance to discover the things they do well, activities they enjoy, and basic steps to living long, healthy lives. Children are participating in GO FAR clubs across the country. Through GO FAR, they not only get active, they also learn healthy eating habits, explore good character skills, and discover self-confidence, all while having fun!

Scott City Elementary will be starting a new season of the GO FAR running club on **March 18th!** GO FAR is a comprehensive fitness program designed to teach children of all abilities about healthy eating, goal setting, and how to train to walk/run a 5K (3.1 miles). GO FAR was created to fight the childhood obesity epidemic while teaching kids that active lifestyles can be sustained throughout their lives.
